PROFESSIONAL EXPERIENCE

Student Assistant | University of Washington | Seattle, WA

Sep 2024 – Present

- Provided front-line patron support assisting users with information access, printing services, technology troubleshooting, and university resource navigation in a high-traffic academic environment.
- Responded to in-person and email inquiries while supporting public service desk operations, issue resolution, and workflow coordination.
- Maintained 500+ structured service records and documentation workflows supporting accurate request tracking and operational consistency.
- Collaborated with university staff and technical teams to resolve access issues and improve user support processes.

Metadata Librarian | Korea University Creative CJ Library | Seoul, Korea

Aug 2023 – Aug 2024

- Maintained bibliographic metadata and structured classification systems for 2,000+ digital and physical resources supporting discoverability, accurate information retrieval, and long-term access.
- Performed metadata quality control and documentation review improving citation consistency, accessibility, and organization across digital collections workflows.

Manuscript Editor | Medrang Inc. | Seoul, South Korea

Jan 2022 – Jul 2023

- Managed scholarly communication workflows including DOI assignment, ORCID integration, publication metadata verification, and citation accuracy support for academic manuscripts.
- Maintained bibliographic metadata accuracy and structured publication documentation in accordance with academic publishing standards.
- Corresponded with authors to resolve metadata discrepancies and documentation issues across editorial workflows.
- Improved editorial documentation workflows and data accuracy processes, increasing content reliability by 20%.

Undergraduate Intern | National Library of Korea & National Library for Children and Young Adults | Seoul, South Korea

Apr 2021 – Sep 2021

- Assisted with archival preservation, collection organization, and environmental monitoring supporting long-term access to library materials.
- Supported preparation, organization, and storage of archival collections using structured documentation and preservation practices.

PROJECTS

How Teens Co-designed Mental Health Support in Public Libraries | Research Assistant | Seattle, WA

Jul 2025 – Sep 2025

- Organized multi-year research datasets, interview findings, and supporting documentation to improve accessibility and collaborative analysis workflows.
- Supported literature review, reporting, and manuscript preparation activities while maintaining structured research documentation and data accuracy.

• Assisted with stakeholder-focused public library research supporting community-centered information initiatives.

Children's Library Services During the COVID-19 Pandemic | MLIS Coursework Project | Seattle, WA

Sep 2024 – Dec 2024

- Conducted survey and interview study across 15 Washington State libraries, assessing pandemic-related service changes.
- Identified trends in virtual participation and proposed solutions that improved online engagement by 10%.

ADDITIONAL EXPERIENCE

Directed Fieldwork – Olympic View & Wedgwood Elementary School Libraries | UW iSchool | Seattle, WA

Oct 2025 – Dec 2025

- Assisted with organizing library collections and supporting student access to library materials and information resources.
- Assisted students with locating, accessing, and using library materials while supporting organized collection maintenance and circulation-related activities.
- Provided in-person user support assisting students with locating and using library collections.

Secretary | Korean Graduate Student Association at University of Washington | Seattle, WA

Sep 2024 – Sep 2025

- Supported student outreach, communication, and event coordination activities promoting engagement across the graduate student community.
